

Aloe 'Guineafowl'

Size: Small, **Colour:** Pink, **Flower time:** Winter, **Stem:** No,
Frost tolerance: Low.

This lovely little aloe hybrid will never disappoint the container gardener.

Finely spotted green leaves and a beautifully compact flower raceme are unique features of this cultivar. The individual flowers are pink with a white tip, "Simply ravishing", to quote a regular client. The extra-long flower season just adds to its attraction.
